OBJECTIVE

Front-End Developer with a proven ability to collaborate effectively with senior developers while spending extra time to be mentored. With a passion for both personal growth and for software development, I attended a 1000+ hour coding bootcamp to learn new languages while sharpening existing skills. Ready to apply my passion for coding to a talented engineering team to develop quality solutions.

EXPERIENCE

Shopify Onboarding Dashboard

HTML, CSS, JavaScript & Figma   📅 2023

I participated in a hackathon project where we took on the challenge of creating an accessible and seamless onboarding experience:
- Implemented features for keyboard navigation and optimized for mouse interactions.
- Ensured compatibility with screen readers to enhance accessibility.

Multi-Step-form Design

HTML, CSS & JavaScript   📅 2023

- I Designed and implemented a dynamic multi-step form, in this project I faced challenges in form validation, I successfully resolved validation issues, resulting in a streamlined and intuitive multi-step form experience.

Frontend Developer (SIWES)

University College Hospital (UCH), IT Department.

📅 2017 - 2018   📍 Ibadan, Oyo State

- Received training in front-end web development using HTML, CSS and JavaScript.
- Worked closely with other developers and departments on various web development projects.
- Demonstrated strong problem-solving skills when encountering coding challenges.
